

Draft

## Ocean Group Agenda

Tuesday 14 April

3:15 SBRC Contract Issues

- Filter Specifications

- SNR, NEdT

- Calibration of scan mirror

- Others

- Ocean Recommendations

4:00 Changes in Science Algorithms with no MODIS T

- Non Chlor. Pigment algorithms

  - MERIS is no substitute

  - GLI potential

  - In situ and a/c focus on impact of accessory/chl abs  
on the chlorophyll and other algorithms,

- CDOM

- Merging two instrument data streams

5:30 Adjourn

Wednesday 15 April

8:30 MODIS N Ancillary Data Requirements update (all)

- Ocean Summary

9:00 Issue - Mechanisms for MERIS, OCTS relationship

9:30 Peer review approach

- Review committee

- Literature publication

- SeaWiFS reviews, progress

- Recommendation

10:30 Break

1045 - Current progress and status -( each investigator 10')  
except Clark, Gordon

[10:15 Modis A/C Simulator status will be addressed by Land & Atmos]

12:00 Lunch

1:00 Plenary

6:00 Social

Thursday 16 April

0900 Briefing on SeaWiFS Cal/Val activities - McClain

10:15 Clark - 30 Min on buoy progress and discussion

1100 Gordon - more details on Atmos Correction/SeaWiFS

11:30 Lunch

12:30 Plenary (Group Leaders)
